While we strive to accommodate guests with dietary requirements, not all dietary requirements can be accommodated due to the nature and preparation of our Afternoon Tea. Please inform us of any dietary requirements or allergies at the time of booking and in advance of your visit, so that our team can make the necessary arrangements.

For our Afternoon Tea, we regret we are unable to accommodate vegan, lactose-free or gluten-free diets.

Where a request requires substantial alterations to the menu, we may be unable to accommodate it, as this can compromise the intended composition and integrity of our Afternoon Tea.

Please note that our kitchens handle a variety of allergens, and while every care is taken in the preparation of our dishes, we cannot guarantee that our Afternoon Tea is entirely free from allergens.
